

COMUNICATO

**ALMAWAVE IN PARIS ON TUESDAY 7 SEPTEMBER  
AT THE GLOBAL MEGATRENDS CONFERENCE ORGANIZED BY TP ICAP  
MIDCAP**

**Valeria Sandei, CEO, along with the top management of the Company, will meet in presence institutional investors, primarily French funds**

Rome, 3 September 2021 - Almaxwave S.p.A. (Ticker: AIW), an Italian company listed on the AIM Italia multilateral trading system and leader in Artificial Intelligence (AI), natural language analysis and Big Data services, on Tuesday 7 September, will attend the **Global Megatrends Conference**.

The event will be an occasion of interaction between European Midcaps companies and institutional investors, primarily French funds, and **will be held in presence in Paris, after a long time**. For Almaxwave, the conference will be attended by **CEO, Valeria Sandei, Almaxviva's Group Chief Financial Officer, Christian De Felice and Chief Technology Officer Raniero Romagnoli**.

This appointment represents a key opportunity to discuss H1 2021 Results, already announced to the market on 3 August, 2021, along with the latest strategies and future prospects of the Company.

The abstract of the presentation will be available on the Almaxwave website at [www.almaxwave.it](http://www.almaxwave.it) in the Investor relations section.

**Almaxwave profile**

Almaxwave S.p.A. is a leading Italian company in Artificial Intelligence and the analysis of natural written and spoken language. Almaxwave has cutting-edge proprietary technologies and applied services to realise the potential of AI in the digital evolution of businesses and public administrations. It has an international presence with the companies Almaxwave do Brasil, Almaxwave USA and PerVoice. It has dedicated technology laboratories and over 220 professionals with strong skills in enabling technologies and main frameworks - Big Data, Data Science, Machine Learning, AI Architectures and Integration - as well as extensive knowledge of business processes. Almaxwave's technological assets, designed and implemented as a model of natural experience in the interaction between man and machine, enable the interpretation of text and voice in over 30

languages, interaction in a multi-channel key and the analysis of data and information with a view to enhancing knowledge and automation.

The company, which is part of the Al maviva group, was founded as Al maviva Consulting S.r.l. and later took on the name of Al mawave in 2010, the year in which it also launched its Brazilian subsidiary (Al mawave do Brasil). In 2013, it acquired control of the company PerVoice S.p.A., created as a spin-off of Fondazione Bruno Kessler. In 2017, together with Al maviva and other partners, it won two lots in the Consip tender for the public connectivity system. The company has over 100 customers and more than 30,000 users of its platforms.
