Almwave S.p.A.

Any changes to the above dates will be quickly communicated.

Almawave Profile

Almawave S.p.A. is an Italian company and leader in Artificial Intelligence and the analysis of written and spoken natural language. Almawave has cutting-edge proprietary technologies and applied services to realise the potential of AI in the digital evolution of businesses and public administrations. It has an international presence with the companies Almawave do Brasil, Almawave USA and PerVoice, dedicated technology labs and over 220 professionals with highly developed skills in enabling technologies and main frameworks - Big Data, Data Science, Machine Learning, AI Architectures and Integration - as well as an in-depth knowledge of business processes. Almawave's technological assets, conceived and implemented as a model of natural experience in the interaction between man and machine, make it possible to interpret text and voice in over 30 languages, interact through various channels, and analyse data and information to enhance knowledge and automation. The company, part of the Almaviva group, was founded as Almaviva Consulting S.r.l. And adopted the name Almawave in 2010, the year in which it also launched its Brazilian subsidiary (Almawave do Brasil). In 2013, it acquired control of the company PerVoice S.p.A., created as a spin-off of the Fondazione Bruno Kessler. The company has over 100 customers and more than 30,000 users of its platforms.
